HOW WE EXCEL

Kirsch has an innate understanding of what it means to discover solutions. Solving problems in the freight industry is our core practice and why we continue to grow. Every customer receives:

-  24/7 Customer Service and Operations
-  Customized Logistics Solutions
-  Accurate and Timely Communication of Load Events
-  Customer Metrics Focused

13 current customers in the FORTUNE Top 200

CORE COMPETENCIES

With our vast experience of multiple transportation management systems (TMS), and being completely EDI capable, we challenge ourselves to tackle the difficult freight while providing nothing less than great customer service.

-  Dry Van, Open Deck and Temp Control
-  Over-Dimensional and Heavy Haul
-  Intermodal – Domestic and Cross Border
-  Freight Management
